

CARPENTER GOES TO GREAT CONFERENCE

Christian Unity to Be Discussed at Inter-Denominational Meeting

Dr. Homer W. Carpenter, pastor of the First Christian church of Richmond, left Saturday for St. Louis, where he will attend a nation-wide conference of Christian workers which meets at the Second Baptist church of St. Louis, February 2 to 4.

The conference will be attended by more than a thousand delegates from various Protestant churches of the Middle West in particular, although many from the East will attend. No program of its kind has ever been put on anywhere before. It will not be in the interest of any one denomination or any one Christian-unity movement, but all Christian-unity movements will be officially represented, and delegates from all denominations will be in attendance.

The program is of unusual interest, and has awakened general enthusiasm throughout the Middle West. The conference opens at 2:30 on February 2 with an address by Dr. Ainslie outlining the scope of the conference and emphasizing how the various movements toward church unity represented in the conference supplement each other in helping forward the unity of the church.

This conference is unique in that it is strictly a Christian unity conference, being interdenominational, and each party having freedom to discuss the plans presented and the outlook for Christian co-operation. It includes movements for Protestant unity as well as movements for the unity of the whole church—Protestant, Anglican, Eastern Orthodox and Roman Catholic. It likewise includes theological, ethical and social approaches, as well as approaches by polity. It is beyond any doubt, the most comprehensive presentation of Christian unity that has ever been made, and it is no surprise that it has awakened such great interest. Ministers and laymen of all denominations will be in attendance; likewise, many women who will take part in the conference.

IKE MILLER'S GARAGE YIELDS 75 CASES

The Lexington papers say the raid by prohibition officers was at the home of Ike Miller, at Stop No. 9, on the Versailles pike.

The raiding party was led by Agent J. H. Hanlon. He was accompanied by United States Deputy Marshal David Reagan and Assistant Chief Ernest Thompson, Detective Richard Maloney and Thomas Donlan and Patrolman Wm. Doyle. The officers were armed with a search warrant to search all buildings on the Miller farm.

Upon their arrival at Miller's place they found all the barns and outbuildings locked and nobody on the place had a key, it was said, and Mr. Miller was not at home. Agent Hanlon reported these conditions to Chief Agent McFarland who joined the raiding party and hour later and after looking things over ordered the padlock on the garage broken.

Approximately 25 cases of whisky had been uncase and was wrapped in paper and packed in burlap bags. The remaining 50 cases were still in the original package. The entire lot was piled in a corner of the building and covered with a tarpaulin.

Authorities did not divulge the name of the distillery at which the whisky was produced but said it came from a distillery near Frankfort. The officers will continue their investigation in an effort to determine who is responsible for the whisky being stored in the garage and how it found its way from the distillery to what the officers think was "distributing headquarters for bootleggers in Central Kentucky."

Agent Hanlon has been making investigation of the sources of the large quantities of red liquor, known to have been coming into Lexington for several weeks, but it was not until early this week that a lead was obtained that indicated that it might be coming from Miller's place.

Miller had not been placed under arrest at noon, but it was said that a warrant charging him with unlawfully storing whisky will be issued at once and served upon him.

ROUND HILL MAN MAKES ASSIGNMENT

June W. Wiggins was named as trustee for W. H. Smith, Round Hill merchant, who has assigned for the benefit of his creditors. The assignment was made at a meeting here Tuesday. Mr. Wiggins furnished \$5,000 bond with a surety company. Mr. Smith's assets are given as a stock of goods, said to be worth \$5,000, and about \$3,000 worth of accounts. His liabilities are about \$5,000 due and a house which he bought but for which a deed had not been given him, \$4,500. Mr. Smith's many friends are hoping he will soon "be on his feet" again.

KILLED BY POLICE MAN IN COURTROOM

(By Associated Press.) Glasgow, Ky., Jan. 29.—Evans Bowman, of Tompkinsville, was shot and killed in a battle Friday afternoon with Policeman Harry Collins in the police court room while waiting for the police judge to arrive. Both men emptied their revolvers, and the benches of the court room were riddled with bullets.

Colum Bowman, another brother of the dead man, was arrested this afternoon on a peace warrant after it had been reported that he had threatened to kill the man who killed his brother.

The first brother was arrested by the policeman several days ago and charged with carrying concealed a deadly weapon.

Evans Bowman came here Friday to attempt to give bond for him. He was arrested by Collins, who took a pistol from him and took him to a court room for trial on a charge of carrying concealed a deadly weapon.

The two men were awaiting the arrival of the judge, when Bowman drew from his pocket another pistol and began firing at Collins, whose back was turned on him.

Collins then fired at Bowman, who dropped behind a bench. When Bowman raised to fire again Collins shot him through the left lung.

The policeman is a son of the late Winston Collins, who was town marshal of Glasgow for twenty years. He assumed his duties as policeman January 1.

PAINT LICK

Tom Logsdon made a stroke with a penknife while opening goods and cut his leg below the knee, making an ugly place, but medical attention was given and he is getting along nicely.

James Rucker, of Lexington, and Mr. and Mrs. Hamm Rucker of Louisville, were guests of Mrs. J. C. Rucker Sunday.

Rev. H. N. Young is holding a meeting at Olive Hill.

Leslie Sloan, of Boyle county, was the guest of friends here this week.

Dr. J. Patrick had an attack of appendicitis a few days ago. We hope he will recover.

Mr. and Mrs. Walters Richards of Richmond, called Thursday to see H. L. Wallace, who has been on the sick list.

Miss Nannie Sloan's pupils took charge of the chapel exercises on Friday morning.

The first number of the lyceum course was given to an appreciative audience Wednesday night.

William Colson, who has been living with Mrs. Parker Anderson the last year, had a sale of personalty and has moved his family to Indiana.

Miss Cynthia Prewitt, who was operated on for appendicitis, has returned from the Robinson hospital at Berea, and is improving rapidly.

Miss Katherine Day, of Winchester, was the guest of Miss Mary Mae Walker.

JOHNSON ATTACKS JAP AGREEMENT

Washington, Jan. 29.—Bulletin.—Senator Johnson, of California, today issued a statement criticizing the reported agreement between the Japanese and American ambassadors dealing with the status of Japanese in America.

"Stripped of diplomatic camouflage," Johnson said that his information was that it provided for the repeal of California's anti-alien land laws, and a new gentlemen's agreement for Japanese exclusion which does not exclude is all that is proposed, said Johnson.

Johnson asserted the new gentlemen's agreement will be honored more in the breach than in observance. "The result will be continued Japanese immigration." He asserted the Japanese protest against American law is "deemed of sufficient gravity for American diplomats to agree to a treaty exactly as Japan desired."

15-YEAR-OLD GIRL KILLS HER MOTHER

(By Associated Press.) Steamboat Springs, Colo., Jan. 29.—The coroner's office was informed today that the 15-year-old daughter of Frank Mudra, miner, killed her mother because the latter objected to her accepting the attentions of a ranch hand and buried the body in refuse on an isolated ranch 15 miles from Oak Creek and kept it a secret for three weeks. The mother's body was found buried back of a stable at the Mudra home with a bullet in the back. It is reported that the girl yesterday walked over the mountains 15 miles to Oak Creek, where her father has been at work, saying her mother was ill. She accompanied her father home and confessed. Officials are investigating.

It includes movements for Protestant unity as well as movements for the unity of the whole church—Protestant, Anglican, Eastern Orthodox and Roman Catholic. It likewise includes theological, ethical and social approaches, as well as approaches by polity. It is beyond any doubt, the most comprehensive presentation of Christian unity that has ever been made, and it is no surprise that it has awakened such great interest. Ministers and laymen of all denominations will be in attendance; likewise, many women who will take part in the conference.

IKE MILLER'S GARAGE YIELDS 75 CASES

The Lexington papers say the raid by prohibition officers was at the home of Ike Miller, at Stop No. 9, on the Versailles pike.

The raiding party was led by Agent J. H. Hanlon. He was accompanied by United States Deputy Marshal David Reagan and Assistant Chief Ernest Thompson, Detective Richard Maloney and Thomas Donlan and Patrolman Wm. Doyle. The officers were armed with a search warrant to search all buildings on the Miller farm.

Upon their arrival at Miller's place they found all the barns and outbuildings locked and nobody on the place had a key, it was said, and Mr. Miller was not at home. Agent Hanlon reported these conditions to Chief Agent McFarland who joined the raiding party and hour later and after looking things over ordered the padlock on the garage broken.

Approximately 25 cases of whiskey had been uncase and was wrapped in paper and packed in burlap bags. The remaining 50 cases were still in the original package. The entire lot was piled in a corner of the building and covered with a tarpaulin.

Authorities did not divulge the name of the distillery at which the whiskey was produced but said it came from a distillery near Frankfort. The officers will continue their investigation in an effort to determine who is responsible for the whiskey being stored in the garage and how it found its way from the distillery to what the officers think was "distributing headquarters for bootleggers in Central Kentucky."

Agent Hanlon has been making investigation of the sources of the large quantities of red liquor, known to have been coming into Lexington for several weeks, but it was not until early this week that a lead was obtained that indicated that it might be coming from Miller's place.

Miller had not been placed under arrest at noon, but it was said that a warrant charging him with unlawful storing whiskey will be issued at once and served upon him.

ROUND HILL MAN MAKES ASSIGNMENT

June W. Wiggins was named as trustee for W. H. Smith, Round Hill merchant, who has assigned for the benefit of his creditors. The appointment was made at a meeting here Tuesday. Mr. Wiggins furnished \$5,000 bond with a surety company. Mr. Smith's assets are given as a stock of goods, said to be worth \$5,000, and about \$3,000 worth of accounts. His liabilities are about \$5,000 due and a house which he bought but for which a deed had not been given him, \$4,500. Mr. Smith's many friends are hoping he will soon "be on his feet" again.

KILLED BY POLICE MAN IN COURTROOM

(By Associated Press)
Glasgow, Ky., Jan. 29.—Evans Bowman, of Tompkinsville, was shot and killed in a battle Friday afternoon with Policeman Harry Collins in the police court room while waiting for the police judge to arrive. Both men emptied their revolvers, and the benches of the court room were riddled with bullets.

Colum Bowman, another brother of the dead man, was arrested this afternoon on a peace warrant after it had been reported that he had threatened to kill the man who killed his brother.

The first brother was arrested by the policeman several days ago and charged with carrying concealed deadly weapon.

Evans Bowman came here Friday to attempt to give bond for him. He was arrested by Collins, who took a pistol from him and took him to court room for trial on a charge of carrying concealed a deadly weapon.

The two men were awaiting the arrival of the judge, when Bowman drew from his pocket another pistol and began firing at Collins, whose back was turned on him.

Collins then fired at Bowman, who dropped behind a bench. When Bowman raised to fire again Collins shot him through the left lung.

The policeman is a son of the late Winston Collins, who was town marshal of Glasgow for twenty years. He assumed his duties as policeman January 1.

PAINT LICK

Tom Logsdon made a stroke with a penknife while opening goods and cut his leg below the knee, making an ugly place, but medical attention was given and he is getting along nicely.

Making the Helpless Independent

An outgrowth of the outdoor relief department of the county charities of Los Angeles, gives an opportunity to persons, who otherwise would be county charges, to live independent lives, or if crippled or handicapped in other ways, partially to support themselves. Departments have been established where old articles are made over into new. The photograph shows the machine with which paper from the fumigating department is shredded for various uses.

JOHNSON ATTACKS JAP AGREEMENT

Washington, Jan. 29.—Bulletin.—Senator Johnson, of California, today issued a statement criticizing the reported agreement between the Japanese and American ambassadors dealing with the status of Japanese in America.

"Stripped of diplomatic camouflage," Johnson said that his information was that it provided for the repeal of California's anti-alien land laws, and a new gentlemen's agreement for Japanese exclusion which does not exclude is all that is proposed, said Johnson.

Johnson asserted the new gentlemen's agreement will be honored more in the breach than in observance. "The result will be continued Japanese immigration." He asserted the Japanese protest against American law is "deemed of sufficient gravity for American diplomats to agree to a treaty exactly as Japan desired."

15-YEAR-OLD GIRL KILLS HER MOTHER

(By Associated Press)
Steamboat Springs, Colo., Jan. 29.—The coroner's office was informed today that the 15-year-old daughter of Frank Mudra, miner, killed her mother because the latter objected to her accepting the attentions of a ranch hand and buried the body in refuse on an isolated ranch 15 miles from Oak Creek and kept it a secret for three weeks. The mother's body was found buried back of a stable at the Mudra home with a bullet in the back. It is reported that the girl yesterday walked over the mountains 15 miles to Oak Creek, where her father has been at work, saying her mother was ill. She accompanied her father home and confessed. Officials are investigating.

O'Callaghan Must Get Out

(By Associated Press)
Washington, Jan. 29.—Secretary of Labor Wilson today announced that he had ordered Donald O'Callaghan, lord mayor of Cork, to leave the country by February 11. As far as known here he is in New York.

WACO

Mr. D. Z. Lowry, of Huntington, W. Va., made a brief visit here Thursday.

Quite a number of our eighth grade pupils are preparing to take the county examination Friday and Saturday.

Mrs. E. H. Bybee and Mrs. Gormley, of Richmond, spent Sunday with Mr. and Mrs. J. A. Baumstark.

Mr. Ed Wilson, of Iowa, Mrs. Wills of Winchester, Miss Kate Davis, and Mr. Quinn Davis, of Ravenna, were here Monday to attend the funeral of Roy Wilson, who died in Colorado last week and was brought here for burial.

Mr. W. R. Cain made a business trip to the mountains last week.

Mr. Boyd Witt, of Station Camp, is visiting his aunt, Mrs. G. W. Grinstead.

Misses Mildred Bush and Kathryn Grinstead have returned from Irvine, where they visited Mr. Walter Bush. Miss MaryWilliams Bush and brother Philip, accompanied them home.

In last week's items, the Register said Dr. Vardy Taylor had reported four births since Xmas, when it should have been fourteen.

The Community Club met last Friday evening at the Waco High School with a large attendance and a splendid program. Prof. Keith, of the Normal, delivered an address. His subject was "America," which was very much enjoyed and highly appreciated by all present. We hope to have Prof. Keith with us again in the near future.

Quite a number of our people attended the funeral of our highly esteemed citizen, Mr. Dan Wallace, in Richmond, Thursday.

LOCAL MARKET IS STILL OVER 15 CENTS

Good Average is Maintained for Weed Sales Here With Several High Crops

The average of the Richmond tobacco market continues better than \$15 a hundred pounds. Reports made to Supervisor of Sales Stone Norman for the entire period of sales up to and including Friday, January 28, show sale of 2,764,695 pounds for \$425,005.93, or an average of \$15.37 per hundred pounds. The sales by houses are as follows:

Home Tobacco Warehouse Company, 1,571,020 pounds, \$240,111.07; Madison Tobacco Warehouse Company, 1,193,675 pounds, \$184,894.86.

Several extraordinarily good crops were sold during the past week, one farmer from Garrard county selling almost 2,000 pounds at an average of 46 cents a pound.

THE WINNES TRIAL

Harlan, Ky., Jan. 29.—Dr. Winnes in his testimony said:

"When I got off the train I saw Miss Parsons on the platform and taking her to be a teacher by her dress, I asked her how many cattle there were at the school."

"Dr. Winnes said that he left from an hour to an hour and a half after Miss Parsons started to walk over Pine Mountain. He related his offer to her to rent a mule and her refusal. Winnes said he reached the school about 3 o'clock.

"I recall saying to one of the teachers, I don't remember which; that I supposed the teacher who came over ahead of me must be pretty tired," Winnes testified. "They told me: 'We haven't seen anything of a teacher.'"

"Well," I said, "she told me she coming over, but she may have changed her mind and gone somewhere else. The next morning at the breakfast table, Winnes said, he was asked if he had seen the teacher.

"I answered 'no,' I probably would not have known her if I saw her." Winnes could not say who had asked him the question.

In the previous testimony of the commonwealth, it was said by several witnesses that Winnes had not mentioned Miss Parsons to anyone nor asked if she had arrived.

Dr. Winnes denied that he had said that anybody who walked over the mountain "ought to fall over the cliff."

He said he was with Wilson Lewis when the search for the teacher was made, and slept at Lewis' house. He said he asked Lewis jokingly what he had to drink. The doctor declared he had ceased drinking after entering the veterinary service of the state. He said he had never used dope.

The defense pointed out that Dr. Winnes is right handed. The wound on Miss Parsons' head was on the right side.

At 4 o'clock Dr. Winnes' testimony was completed. He did not change his previous story.

General Michael Ryan, of Cincinnati, former president of the Cincinnati Abattoir Company, was placed on the stand. He is 75 years old, and old army man, and was very positive in his testimony. A tilt with attorneys added interest to his appearance, and when he was released the crowd applauded. Judge Davis then threatened the clear the court.

Character witnesses were allowed to testify at the night session. They are here at their own expense and an effort will be made to release them as soon as possible.

Schools were dismissed at noon Friday for the trial. The children all attempted to go to court and Judge Davis ordered children should be excluded under 17 years old unless accompanied by their parents.

The prosecution closed testimony at 10:30 o'clock Friday morning after calling Dr. Arthur Jenkins and Dr. Lawrence L. Gunn, local physicians, to testify as to the effect of narcotics and alcohol on the human system.

A Great Opportunity

An opportunity to secure almost \$200,000 of state and federal funds to help good roads in Madison county is too good to be lost. The fiscal court should use every effort possible to take advantage of the splendid offer that State Road Commissioner Joe Boggs has made for the improvement of the Lexington pike. And a vital consideration should be understood that once the state and federal government become invested in a highway they maintain it. Madison's part of the cost of making this a real, permanent highway is very slight consideration.

ing the immense benefits to be secured. The fiscal court should bend every effort to get this outside fund, and we believe at its next meeting it will do so.

Growers Combine to Treat Seed Wheat Against Smut

The first large-scale attempt at community treatment of seed wheat with the combined copper sulphate and milk of lime method has just been completed in Madison county, Illinois, where approximately 15,000 bushels were treated at a central treating plant under the supervision of representatives of the Bureau of Plant Industry, United States Department of Agriculture.

In the spring of 1919 leaf smut or flag smut was discovered in wheat fields in that county. This disease had long been known to be destructive in Australia and elsewhere, and its introduction to Illinois was considered a source of great danger to American wheat growers. The United States Department of Agriculture immediately made a survey of infested farms and a local quarantine was placed on an area of 47 square miles by the Illinois state department of agriculture. Since that time every effort has been made by the national and state agencies concerned to stamp out the disease.

Some of the wheat varieties grown in Madison county, Illinois, are very resistant to the smut and the farmers are co-operating gladly in sowing only resistant varieties. To prevent infection by spores in the soil it was required that all wheat sown this fall should be treated. A central treating plant was established and equipped in an old potato shipping shed, where approximately 200 farmers had their seed wheat treated. With the apparatus provided four workmen were able to treat approximately 1,000 a day.

It's Easy to Rid Yourself of Battery Worries

We are willing to be judged entirely by the service we give, by our ability to help you, and to keep you free from battery troubles.

We are not geniuses. But we do our work hard, and we know our business.

You will not find any mystery here when it comes to taking care of your battery. We have studied batteries, all kinds, and know how to prevent trouble and how to get for you the longest and most satisfactory service out of your present battery, no matter what its make.

Of course our experience has shown us that some batteries, like some hearts, are stronger than others. They are capable of greater, more severe strain. Such a one is the Exide Battery, which we recommend when replacement is necessary.

For this battery, in addition to its quality, further protects you by its manufacturer's guarantee.

BILIOUS CHILDREN

Black-Draught, Long in Successful Use, Praised by an Arkansas Mother, "Soon Does Its Work."

Marmaduke, Ark.—Speaking of Theford's Black-Draught, which from long use in her household has become regarded as "the family medicine," Mrs. Mary E. Hill, of Route 1, this place, says:
"When the children get bilious, I give them a couple of good doses, and when we have sour stomach, headache, or any liver or stomach trouble, we use Black-Draught. It is an easy laxative, and soon does the work. I certainly think it is one of the best remedies made."

Black-Draught acts on the faded liver, gently, but positively, and helps it in its important function of throwing out waste materials and poisons from the system.

In thousands of households Black-Draught is kept handy for immediate use in time of need. Prompt treatment often is half the battle, and will often prevent slight ills from developing into serious troubles.

Its well-established merit, during more than 70 years of successful use, should convince you of the helpful effects obtainable by taking Black-Draught for liver and stomach disorders. Get a package today, and keep it in your house. See that the package bears the words "Theford's Black-Draught." NO-341

Director of "House of Whispers" An Exacting Creature

Ernest C. Warde, director of J. Warren Kerrigan's latest Brunton production, "The House of Whispers," released through W. W. Hodkinson, to be shown at the local theatres tonight, has a reputation among his assistants of being very exacting. For instance:
Some of the most important action in this picture takes place in a modern apartment. When the Brunton studio technical man completed construction of the set for these scenes, he called Warde.

"How does it look?"
"Very imperfect," growled Warde.

"Why so?"
"You've put a bouquet of expensive roses on the dressing table."

"What's wrong with that?"
"Isn't the apartment supposed to be down to date?"

"Certainly."
"Well, how could anyone pay rent for an apartment these days and buy cut flowers at the same time?"

MANY HARLAN BOYS IN ARMY

(By Associated Press)

Harlan, Ky., Jan. 29.—Harlan county, one of the three Kentucky counties in the Knoxville, Tenn., district of the army recruiting service, has an exceptional record for the number of recruits obtained during the year 1920, according to Sergeant William G. Berry, in charge of the station here. One hundred and forty-three men were obtained from this county during the year, he stated. Seventeen men have been obtained since January 1. "About one-third the men who enlist from Harlan county can neither read nor write," Sergeant Berry said, in discussing the men obtained. "They are intelligent and of a fine type of manhood, but have not had the advantages they should and many of them in order to get things they missed when they were younger. They are at once sent to a training school and taught to read and write and given some trade. Most of them enlist in the infantry."

TWO SISTERS GET HELP

Praise Lydia E. Pinkham's Vegetable Compound for what it did for Them

Hagerstown, Md.—"I was overworked and my monthly periods stopped. My body was swollen and I often had pains so I had to lie down. I was treated by a physician, but he did not seem to help me at all. My sister had taken your medicine with great results so I took Lydia E. Pinkham's Vegetable Compound and now I am able to work and feel like working. I have been recommending your medicine to my friends, and you are welcome to use my testimonial for I can never praise your medicine enough for what it has done for me."—RHODA E. CARBAUGH, R. E. 1, Hagerstown, Md.

Women will tax their powers of endurance to the limit before giving up, and it is then some womanly ailment develops and they have to give up entirely. When a woman suffers from such symptoms as irregularities, headaches, backaches, bearing-down pains, inflammation, nervousness and "the blues," it is well for her to profit by Mrs. Carbaugh's experience and try Lydia E. Pinkham's Vegetable Compound. It has restored multitudes of women suffering from just such ailments.

\$6,388 IN FINES FOR BREAKING DRY LAW

(By Associated Press)

Covington, Ky., January 29.—Fines collected in the Eastern district of Kentucky for violation of the prohibition laws totalled \$6,388, according to figures given out here today by John W. Menzies, clerk of the United States district court for the Eastern district. This sum was turned over to Elwood Hamilton, internal revenue collector, at Louisville.

Collections of fines for violating the liquor law by quarters follow: First quarter ending March 31, \$1,480; second quarter, ending June 30, \$1,183.80; third quarter, ending September 30, \$1,700; fourth quarter, ending December 31, \$2,025. During the year \$100 was collected for violations of the Harrison anti-narcotic law.

The sum collected during the quarter ending September 30 included fines from some of the defendants convicted in the Latonia distillery robbery case in which L. E. Bullock, former Covington safety commissioner, and a number of other well known persons were convicted.

Collections during the last quarter totalled \$21,125 for all causes. Of this \$10,000 was collected in the case of a Lexington merchant charged with alleged violation of the income tax law.

Battles With Purse Snatcher

Bowling Green, Ky., Jan. 29.—Mrs. C. J. Toops, visitor from Elizabethtown, was attacked by a purse snatcher on the street. She gave battle and maintained her grip on the purse. It was badly torn, but did not yield up several diamonds and her funds before the thief took flight.

Danville, Ky., Jan. 29.—The one-year-old child of Crowley Harwick was burned to death in a fire which destroyed the Harwick home near Bryantville, Garrard county, Friday. The father was out on the farm and the mother was outside near the house when she discovered the flames. Her efforts to enter and reach the baby failed. The fire started in the attic.

Half Million For Mayo Trail

Frankfort, Ky., Jan. 29.—The county attorney of Lawrence has entered a suit to which the state becomes a party to enjoin the fiscal court from expending \$125,000 from bonds on the Mayo train in that county, the right of a county to apply funds to a federal road project being at issue. Should the attack prevail, half a million more raised by bonds for the Mayo trail would be lost.

Business Arrangements

What the price includes: Transportation, rooms, all meals, transfers, transportation and care of baggage (one piece of baggage which may be a suit case, valise, portmanteau or a steamer trunk weighing not over 100 pounds) excursions mentioned in itinerary and in addition, a full program of sight-seeing in every important place—in short, every necessary travel expense from American or Canadian port of departure back to Canadian or American port of arrival, except tips to stewards on ocean steamers and passport expenses.

Class of Travel: On steamers, first or best class; third class rail in Britain; second class elsewhere. Hotels, modest but well located and comfortable.

Responsibility: These trips are planned very carefully, and we fully expect to carry them out in every detail. However, should changes in the arrangements of transportation companies necessitate any changes in routes or time schedules, we reserve the right to make them.

We act only as agents in furnishing railway and steamship tickets and hotel accommodations, and assume no legal liability as principals. We agree to exercise care in looking after baggage, but act only as agents for the owners in engaging and paying porters and transfer companies to handle it or in dealing with it in any other manner whatever.

There may be slight changes in steamship sailings necessitating the lengthening or shortening of the trip. Should it be necessary to lengthen it members of the party will be charged for any additional days at actual cost to us; should it be necessary to shorten it refund of what we have actually saved will be made.

Passport: Detailed instructions will be sent as soon as deposit is received.

How to enroll: A place in the party may be reserved by payment of a deposit of \$60.00. The balance is due four weeks before sailing. Please address all correspondence and send deposit to

BUT ONE CHANCE FOR FEDERAL AID

National Road Department Decides Against Improving Pike to Paint Lick

Improvement of the pike from Richmond to Paint Lick and on through Lancaster and Danville to Hart county will not be sponsored by the federal road department. County Road Engineer Baxter has been definitely informed of this by State Road Commissioner Joe S. Boggs. This leaves the only chance for Madison to obtain federal funds this year on the Richmond and Lexington turnpike, and every man, woman and child who ever has occasion to use that highway is hoping that Madison county will meet with a quarter of the cost, the large funds that the state and federal governments stand ready to spend on that highway.

Abandonment of the Richmond to Paint Lick road "knocks in the head" the fine plans that were outlined at a meeting of road men from a number of counties here last summer. At that time Madison county was told that all that was necessary for the road to go through was for Madison county to guarantee her part of the expenses. Madison did so, but with the result as is now manifest. The Fiscal court acted generously and citizens along the highway in Madison and many others in town subscribed to a fund to help the good work along. Now comes the final decision from the federal road department, as is outlined in the following letter from Commissioner Boggs to Mr. Baxter:

Commonwealth of Kentucky,
Dept. of Roads and Highways,
Frankfort, Ky., Jan. 29, 1921.

Mr. J. G. Baxter, County Road Engineer, Richmond, Ky.

Dear Sir: Referring to telephone conversation with you, I am herewith enclosing confirmation of day letter that has been sent you.

The United States district engineer of the Department of Agriculture was at this office yesterday and stated that he had carefully considered the proposed federal aid project from Richmond to Hardysville, but that in view of the fact that the proposed project was a parallel road to a part of the original federal aid program that was approved some three years ago, viz: the road from Lexington through Jessamine county, Harrodsburg and Springfield to Bardstown, that he couldn't recommend approval of the above mentioned project. Construction has already started on the road from Lexington to Bardstown in Jessamine and Mercer counties, and plans have been approved for a section in Washington county, which will very probably be placed under construction this season.

This department has used its best efforts toward securing federal approval of the Richmond-Hardysville road, but this refusal on the part of the district engineer means the disapproval by the chief of the bureau at Washington, and I do not think that any further efforts in the direction of securing approval would be of any value.

I would suggest, however, that if the county appropriations and private subscriptions can be maintained in their entirety another season it is possible that the state can co-operate with the counties in the construction of this road as a purely state project.

I sincerely trust that you, the other county officials and the taxpayers of Madison county will endeavor to raise the necessary finances for your part of the cost of construction of the Dixie Highway on the Lexington road, as previously submitted. As this is one of our old federal aid schemes no trouble will be had in securing government approval for the plan. With kindest personal regards, I am, Very truly yours,

HIGH SCHOOL FIELD MEET TO BE HELD IN PARIS

(By Associated Press)
Paris, Ky., Jan. 29—Students in eight or ten high schools of the Paris Y. M. C. A. district of Kentucky are coaching and preparing entries for the "Field Meet" to be held here May 5 and 6, under the auspices of the state Y. M. C. A. Entries are to be made by February 1.

It is expected that 125 or 150 entries will be made in the meet and plans are that the boys shall be the guests of the city. L. F. Zerfass, secretary of the Paris district, is directing the work.

Counties represented in the district are Bourbon, Harrison, Nicholas, Fleming, Montgomery, Bath, Powell, Rowan, Robertson, Mason and Menifee.

DIVORCES IN JAPAN

(By Associated Press)
Tokio, Japan, Jan. 29—The assertion is made here that Japan leads the world in proportion of divorces to marriages. Unofficial reports state the number of divorces in 1918 were 56,751, as against 53,236 marriages, a ratio of 112.8 divorces to each 1,000 marriages. This is compared to the German rate of 21.6 per thousand which is said to be the highest divorce rate in Europe.

Bishop Charles Woodcock says he will join a revolt if an attempt is made to enforce the Sunday blue laws but wants more rigid marriage regulations and more drastic laws to prevent divorce.

KENTUCKY PUPILS WASTE THEIR TIME

(By Associated Press)
Lexington, Ky., Jan. 8.—That Kentucky school children waste almost half of their school life by failing to attend their classes 61.7 days out of 155 provided in the school term, thereby causing the state a loss of \$3,434,312, is shown by figures contained in an article written by H. R. Bonner for "School Life," an official publication of the Department of the Interior at Washington, and just received at the office of the state leader of junior club work for Kentucky. The statistics show that Indiana children waste less than those of any other state, the Hoosiers failing to attend classes 7.1 per cent of the 155-day term.

The general average for the United States showed a total of 25.4 per cent of the term wasted at a loss of almost 200 million dollars. The loss was attributed to the expense of providing heat, teachers, buildings and supplies for children that never came to take advantage of the educational facilities. Kentucky's percentage of waste was shown to be higher than that of any other state in the union.

An investigation of the possibilities of junior club work in Kentucky shows that 21 per cent of the children of school age in rural districts are not in school and that of all those who enter the first grade only 32 per cent reach the sixth grade and 24 per cent the eighth grade, according to Mr. Bonner. These figures are contained in a recent report of George Colvin, state superintendent of public instruction, which, he said, shows that of the six children that enter the eighth grade only one receives a diploma.

Further studies, he said, show that only four and one-half per cent of all Kentucky children who start to school enter high school and less than one-third of these reach the fourth year. It has been estimated, Mr. Bonner said, that one child out of every 72 entering the rural schools reaches the fourth year of high school and that four out of every 1,000 children in the rural districts enter college. It is estimated by those

in charge of junior club work, that 600,000 Kentucky boys and girls must be reached by some form of training other than in the schools.

"Fortunately this vast number of rural children the junior agricultural club is fast coming to the front in training them for their life work," said Mr. Buckler. "Club work is offered to the boys and girls twelve months out of the year with a definite program of projects designed to train them for farm and home duties."

"In 1920 more than 4,000 boys and girls living on Kentucky

farms were interested in studying better methods of farm practices and home making through their club projects."

And Yet Some Think Our Taxes Unreasonable

(By Associated Press)

Paris, Jan. 29.—This city has just been authorized to collect higher tax on pianos and domestic servants. For the privilege of being managed by an autocratic cook or a diplomatic maid, Parisian families will now have to pay 40 francs a year. If the servants are men the amount is doubled.

A sliding scale of 40 francs for one woman servant to 200 francs for five of them and from 80 to 400 francs for men servants is provided for in the bill. No provision is made for families having more than five servants, the

lawmaker probably holding this sufficient tax on the family's patience. Tutors and governesses are assessed 100 francs each.

The tax on pianos is to range from 30 to 60 francs. A mechanical piano will cost its owner the highest sum.

L. P. EVANS

Reliable Dealer in City and Farm Property Who Also Writes Insurance That Insures

Where would any city be without men—men of force—live, dominant men? Somehow or other, there is a lot of genuine satisfaction in the study of men—just plain men—the men of the city's streets—not the men who are dead. Their lives are worth while to us only through the records of success or failure they have left behind them for us to profit by. It is the study of living men that profits us most; the individual man who passes and repasses on the streets each day, is stamping an impression of his character indelibly on the minds of all those with whom he comes in contact.

There is a class of men whose lives are particularly attractive—they are the men who are "making good," whose ideas seem worth while, and whose business ideals seem worthy high.

Richmond is proud of the fact that in her list of citizens many such men are to be found—citizens such as L. P. Evans, present mayor of Richmond.

Real estate men are usually broad-minded and progressive and take an active interest and pride in the development and the growth of a community in which they are operating, and of no real estate man in this section can this be more truly said than of L. P. Evans, whose neatly appointed offices are located over the Southern National Bank.

Mr. Evans engaged in the real estate and insurance business six years ago, prior to which time he was for 16 years connected with the State Bank & Trust Company.

Mr. Evans is one of the best posted, most capable and most reliable real estate and insurance men in this section of the country, and during his business career in Richmond he has probably done as much toward the upbuilding of this city and section as any other one man that could be mentioned in these columns. He deals in all kinds of real estate, coal lands and makes a specialty of farm lands in Madison and adjoining counties.

Mr. Evans does an extensive insurance business, representing some of the strongest and most successful companies of the world. He is a member of the Masonic, B. P. O. E. and I. O. O. F. fraternal orders and a member of the local Baptist church. Personally Mr. Evans is too well and favorably known here to require extended mention at our hands; suffice it to say, however, he is a man of upright business principles and stands high in the estimation of his fellowmen.

DEATHERAGE WINS IN APPELLATE COURT

The Madison circuit court was affirmed in a decision handed down by the Court of Appeals this week, and the judgment of the local court will stand. It was in the case of Moberly against Deatherage. Suit was brought by S. N. Moberly to compel N. B. Deatherage to re-deed him a piece of land of about 100 acres, and valued at \$3,650. It was alleged by the plaintiff that Mr. Deatherage had agreed to take over the land and deed it back to Moberly at any time the latter desired it. This was denied, and the court upheld the contention of Mr. Deatherage. Attorneys John Nolani and Chenault represented Mr. Deatherage in his successful contention. The suit was first brought in court in December, 1918.

OLD COMRADES HAVE DELIGHTFUL REUNION

Col. N. B. Deatherage had a delightful visit this week with Thomas Fowler, one of the oldest Confederate veterans in the state and the oldest in the command in which they both fought for the Lost Cause back in the 60's. Mr. Fowler is 92 years old and will be 93 in March. He lived in Madison county as a boy and young man and assisted in building the old Methodist church, which stands on the site where the present modern structure is located. For a number of years he has made his home with his daughter, Mrs. Breck Boston, of Woodford county, where he lives, hale and hearty, and always glad to see his many friends. With him at the time that Col. Deatherage called upon him was his other friend, Mike Hargett, of Scott county, a comrade of the other days. The three old soldiers had a most delightful day together.

Whisky Stolen From Runners

Louisville, Ky., Jan. 29.—Authorities have not been able to trace 5 cases of whisky stolen from some warehouse out in the state, passed into Louisville on a fake federal permit, and again stolen from the thieves when the truck was left under a single guard. The truck was found and is said to have been owned in Catlettsburg.

401 STILLS CAPTURED

There were 9,401 illicit stills captured in the States of Virginia, North and South Carolina, Kentucky and Tennessee during 1920, according to a report issued by S. R. Brame, Supervising Agent of the Southern Division.

Of these, 658 were captured in the Eastern District of Kentucky which, with 700 arrests led all the state districts. There were 1,182 persons arrested in the state and 5,328 in the Southern Division.

Prosecutions in Kentucky for violation of whisky laws resulted in fines totaling \$99,711 and imprisonments amounting to 300 months. Fines throughout the division totaled \$288,585 and imprisonments aggregated 2,378 months. The total number of prosecutions in the state was 1,266.
